

# MODUL PENYEGARAN *UPLOAD* KOLEKSI DI UNDIP INSTITUTIONAL REPOSITORY

Oleh Sugeng Priyanto, SS, MIP

**INSTITUTIONAL REPOSITORY** atau disingkat **IR** adalah sebuah situs web yang berfungsi sebagai media untuk menyimpan, mengelola dan menyebarkan hasil-hasil penelitian atau dokumen ilmiah lainnya yang dimiliki dan didistribusikan secara elektronik/digital dan terbuka agar dapat dinikmati oleh publik dengan gratis (open access).

Berikut tampilan halaman depan website Undip IR dengan alamat url **http://eprints.undip.ac.id**:

The screenshot shows the homepage of the Diponegoro University Institutional Repository (UNDIP-IR). The header is blue with the university logo and name. Below the header is a navigation menu with links: Home, Browse by Year, Browse by Subject, Browse by Faculty/Discipline, Browse by Type, Browse by Journal, and UNDIP Website. There is also a search bar and a 'Search' button. The main content area has a green banner with a checkmark and the text 'Welcome to Diponegoro University | Institutional Repository (UNDIP-IR)'. Below this are social media icons for Atom, RSS 1.0, and RSS 2.0. The main content area is divided into sections: 'About this Repository' (describing the repository's purpose), 'News' (two items about awards), and three profile links: 'UNDIP-IR Profile in ROAR', 'UNDIP-IR Profile in OPENDOAR', and 'UNDIP-IR Profile in IESR'. Annotations with arrows point to the 'Login' link and the search bar.

### ★ Item Type ?

- Article**  
An article in a journal, magazine, newspaper. Not necessarily peer-reviewed. May be an electronic-only medium, such as an online journal or news website.
- Book Section**  
A chapter or section in a book.
- Monograph**  
A monograph. This may be a technical report, project report, documentation, manual, working paper or discussion paper.
- Conference or Workshop Item**  
A paper, poster, speech, lecture or presentation given at a conference, workshop or other event. If the conference item has been published in a journal or book then please use "Book Section" or "Article" instead.
- Book**  
A book or a conference volume.
- Thesis**  
A thesis or dissertation.
- Patent**  
A published patent. Do *not* include as yet unpublished patent applications.
- Artefact**  
An artist's artefact or work product.
- Show/Exhibition**  
An artist's exhibition or site specific performance-based deposit.
- Composition**  
A musical composition.
- Performance**  
Performance of a musical event.
- Image**  
A digital photograph or visual image.
- Video**  
A digital video.
- Audio**  
A sound recording.
- Dataset**  
A bounded collection of quantitative data (e.g. spreadsheet or XML data file).
- Experiment**  
Experimental data with intermediate analyses and summary results.
- Teaching Resource**

### The Importance Of End-User Analysis In New Information System Adapters: Lessons Learned From Practice

Arnaldo Marulitua , Siraga and Elisa Margareth , Siberari (2012) *The Importance Of End-User Analysis In New Information System Adapters: Lessons Learned From Practice*. proceedings intl conf information system business competitiveness . ISSN 978-975-057-198-1

#### Abstract

The implementat on of Information System (IS) in new-IS adapters can remain unused even when they deved oped properly. The previous research shows that the unsuccessful IS utilization problem primarily related to behavioral issues rather than technical issues. The behavioral issues should be addressed in the stakeholder analysis, an activity in the inception phase of requirement engineering. End-users of an IS are one of the focuses in stakeholder analysis. We studied the correlation of the end-user analysis in new-IS adapters with the successfulness of IS utilization. We conducted a qualitative studied on 20 IS development projects. The findings show strong correlation of the end-user behavior and the IS adoption. We suggest the end-user analysis is necessary for the IS development project in new-S adapters. We concluded that it is recommended to formally get the end-user commitment before starting the IS development process. Keyword : Information System, end-user analysis, new-IS adapters, end-user commitment
