

ASPEK HUKUM PERIJINAN MELALUI UNIT PELAYANAN TERPADU (UPT) KOTA SEMARANG DALAM ERA OTONOMI DAERAH

Budi Gutami

Abstract

Local Authonomy era gives rights and obligations broader to local government in increasing public servicing and deve loping society based on local government aspirations. That phenomenon push of creating broader opportunity into autonomy of local area in providing government budgeting in its development programs. Integrated Servicing Unit (UPT) of Semarang City is formed to fulfill the need of society in re ceiving public servicing better, preventing the red tape pro cedures in giving facilities to investors in local areas. The transparency and easier procedures in licensing in Semarang City hopefully can be pull factors of investment, and finally increasing economic activities to be autonomy government

Keywords : local autonomy, public servicing, Integrated Servicing Unit (UPT).
