Jurnal Teknologi

SCOPE OF PUBLICATION

Jurnal Teknologi welcomes quality research in the area of Mathematics, Natural Sciences (Biological Sciences, Physical Sciences: Physics, Chemistry, Astronomy, Earth Science) and Applied Mathematics and Natural Sciences (Building Physics, Mechanical Engineering, Chemical Engineering, Civil Engineering, Material Science, Biochemistry, Medical Engineering).

Indexed by: SCOPUS, ESCI-WOS, ACI, MYCITE, MYJURNAL

HISTORY OF JURNAL TEKNOLOGI

Jurnal Teknologi was first published in April 1977, then known as Teknologi. Its publications, however, only began to take off on regular basis in 1992.

The publication of Jurnal Teknologi aims to be the forum for academics and practitioners to write and publish their latest work. Specifically, the journal serves to disseminate to the public results of current and on-going research projects conducted by UTM academics in various fields.

As the journal continues to grow, starting from June 1999, with volume No. 30, Jurnal Teknologi was revamped. The journal now comes in a set of six series (A – F), published twice a year (June and December). Each series specifically focuses on specialized fields: A (Manufacturing, Advanced Materials, Energy, and Transport); B (Construction, Design, and Planning); C (Science and Mathematics); D (Electronics, Control, Communication, and Information Technology); E (Management, Education, and Social Sciences) and F (Environment and Process Technology).

CURRENT ISSUE

Starting from year 2010, six series of Jurnal Teknologi were merged into two series known as; Jurnal Teknologi (Science and Engineering) and Jurnal Teknologi (Social Sciences). Published online six time a year (January, March, May, July, September and November). On 2016, Jurnal Teknologi (Sciences and Engineering) will be published every month. However, under new management, Jurnal Teknologi (Science and Engineering) will be published online six time a year (January, March, May, July, September and November) on 2017.

On 2014, Jurnal Teknologi (Sciences & Engineering) has been separated from Jurnal Teknologi (Social Sciences). Jurnal Teknologi (Social Sciences) is now known as Sains Humanika.

Jurnal Teknologi (Sciences & Engineering) is now indexed by **SCOPUS**.
