Respected Editor(s)

I've made some correction on my paper. Well actually Ms.Word 2016 did the most of it. Here are the details:

1. Spacing corrections (highlighted by blue line under the wrong sentences)
2. Grammar corrections (highlighted by red line under the wrong words)
3. Some adjustments on the pictures size to make the page view looks a little better.
4. Inconsistencies on table and figure labeling. For example, some of the figure labeled as "Figure3.Abcde", some of it "Figure3. Abcde" and some of it labeled as "Figure 3. Abcde".. So i unified them to "Figure(space)3.(space)Abcde" because i dont know which format is used on ijieet.org.

If any of those corrections that I've made violates ijieets rule, please kindly edit it again. Then it'll be ready to be published afterwards.

Thank you for your time Sir.
