Sistem pencatatan dan pelaporan terpadu puskesmas (SP2TP) merupakan kegiatan pencatatan dan pelaporan puskesmas secara menyeluruh (terpadu)dengan konsep wilayah kerja puskesmas. Sistem pelaporan ini diharapkan mampu memberikan informasi baik bagi puskesmas maupun untuk jenjang administrasi yang lebih tinggi, guna mendukung manajemen kesehatan. Namun dalam pelaksanaannya di Dinas Kesehatan kabupaten Lampung Tengah masih ditemuiya kendala-kendala terutama dalam hal ketepatan dan kelengkapan laporan.Tujuan dari penelitian ini adalah untuk mengetahui hubungan fungsi manajemen koordinator SP2TP puskesmas dengan ketepatan dan kelengkapan laporan SP2TP di Kabupaten Lampung Tengah. Variabel yang diteliti adalah fungsi perencanaan, koordinasi, pelaksanaan, pengawasan dan fungsi evaluasi koordinator SP2TP puskesmas dengan ketepatan dan kelengkapan laporan di Dinas Kesehatan Kabupaten Lampung Tengah. Metode penelitian yang digunakan adalah *explanatory research* dengan pendekatan *cross sectional*, dengan jumlah sampel 30 orang. Data didapat melalui wawancara dengan menggunakan kuesioner dan lembar observasi. uji yang statistik yang digunakan adalah uji *Korelasi Rank Spearman* . Hasil penelitian ini menunjukan bahwa ada hubungan yang bermakna antara fungsi perencanaan responden ( $p=0,005$ ), koordinasi ( $p=0,004$ ), pelaksanaan ( $p=0,014$ )dan fungsi evaluasi responden ( $p=0,034$ )dengan ketepatan dan kelengkapan laporan SP2TP puskesmas. Tidak ada hubungan yang bermakna antara fungsi pengawasan responden( $p=0,313$ )dengan ketepatan dan kelengkapan laporan SP2TP Puskesmas. Untuk meningkatkan ketepatan dan kelengkapan laporan SP2TP puskesmas perlu pelaksanaan rapat koordinasi kepala puskesmas paling lambat taggal 10,perlu diadakan sangsi berupa pengembalian laporan bila tidak lengkap, perlu diadakan pelatihan bagi koordinator SP2TP, Latar belakang pendidikan koordinator SP2TP paling rendaah sarjana muda. Bagi koordinator SP2TP lebih meningkatkan kerjasama tim.

**Kata Kunci:** Fungsi Manajemen, SP2TP, Ketepatan dan kelengkapan laporan

*THE CORRELATION BETWEEN SOME MANAGEMENT FUNCTIONS OF THE SP2TP COORDINATOR OF PUBLIC HEALTH CENTER WITH ACCURACY AND COMPLETENES OF SP2TP REPORT AT CENTRAL LAMPUNG REGENCY*

*Integrated report and recording system of public health center (SP2TP) is an activity of integrated report and recording of public health center with the working area concept of public health center. This report system is expected to be able to give information either of public health center or for higher administration, for supporting health management. However in the practice at health department of central Lampung regency, there are many obstacles, particularly in the case of the accuracy and completeness of the report. The aim of the research is to know about the correlation between management function of the coordinator of public health center with the accuracy and the completeness of SP2TP report at central lampung regency. The researched variables are the function of planning, coordination, implementation, controlling and evaluation function of AP2TP coordinator of public health center and the accuracy and the completeness of SP2TP report at the health Department of central lampung regency. The method used in the research is an explanatory research with cross sectional approach, with sample amount of 30 people. Data was obtained through an interview using questionnaire and observation with sheet of observasi. The used Statistical test was Rank Spearman Correlation. The result of respondent's planning ( $p=0,005$ ), coordination ( $p=0,004$ ), implementation ( $p=0,014$ ) and evaluation ( $p=0,034$ ) with the accuracy and completeness of SP2TP report of public health center. There is no significant correlation between the function of respondent's controlling ( $p=0,313$ ) with the accuracy and completeness of SP2TP report of public health center. In order to increase the accuracy and completeness of SP2TP report public health center, the importance of execution close the coordination lead the slowest public health center is date 10. To perform dubious in the form of incomplete report return. To be performed by training of coordinator SP2TP. Energy of coordinator SP2TP with the lowest education background of baccalaureate. To coordinator SP2TP have to able to improve the job of team*

*Keyword : Management function, SP2TP, the accuracy and completeness of the report*
